

# MODULAR DECK SYSTEM

The Modular Deck System is designed to give you unlimited flexibility in on-deck gear storage. It is generally placed on your front deck within easy reach of the paddler. The MDS can be used as a base to attach three NW cargo bags or our Large Expedition Deck Bag. The base can also be used on its own to accommodate gear using a combination of straps and D-rings. This combination allows you to organize hard-to-stow gear giving you more versatility and security than ever before.

## Base Size

Length: 15"

Width: 16"

## Cargo Bags

Side: 14" X 4.5" dia.

Mesh: 13" X 4.5" dia.

## Installation

The base is secured to your deck simply by sliding it under the existing deck lines then placing the nylon webbing and buckles on top of the deck lines. See diagram. The base is narrower at the bow end to fit the taper of your deck.

## Attaching the Cargo Bags

Place the mesh bag in the center of the base and attach it using the buckles provided. The two larger bags are attached on each side of the mesh bag by threading the buckles on the base through the loops attached to the side of the bags.

## Attaching the Large Expedition Deck Bag

Center the Exp. Bag on the Modular Deck System base. Now, take the webbing and buckle attached to the bag and thread it through the one inch D-rings attached to the base. Secure it by using at least two on each side of the bag. This leaves the webbing and buckles that are attached to the base attached to themselves underneath the Expedition Deck Bag.

## Care Instructions

Clean sand and grit and salt after use with fresh water

Do not store the product in damp conditions

Inspect the product for damage both before and after use

Do not abuse or apply undue stress to the product

Do not expose the product to long hours of direct sunlight

Identify your name on the product in case of loss

From the staff at North Water, thank you for purchasing the Modular Deck System. We are sure you will be happy with it. We are sure you will be happy with it. If you have any questions contact your local dealer or us at [www.northwater.com](http://www.northwater.com).

## Caution

This product has been designed to enhance your paddling experience, but remember that, as with any other piece of equipment used in a water environment, it has its limitations, restrictions and potential dangers. It has been designed for use in water conditions that require experience and skill. We strongly urge against using this product if you do not possess the skills necessary to recognize the dangers of such conditions. Upon purchasing North Water equipment the purchaser/user assumes all risks of injury or damage to himself, herself, or others as well as loss or damage to any property. In purchasing/using these products (s)he agrees to hold harmless North Water Holdings Ltd., their officers, employees, agents, and representatives from any liability for injury or damage of any kind that may be suffered by the purchaser or others through the use of these products whether caused through negligence or otherwise.
